Peabody has long been a source of community pride as an institution that provides a quality education for its youth. A lot of hard work by a dedicated faculty and staff coupled with the continued support of the above-mentioned community makes that quality education possible.

We entered the 2004-05 school year as a SACS fully accredited institution and one in good standing as to the "No Child Left Behind" legislation. We take great pride in this and attribute it to the determination of a dedicated faculty and student body.

The enthusiasm and spirit of participation demonstrated by our student body are traditions that continue. It is our desire that the lessons taught here will contribute in a positive way to each of their lives.

Dedication

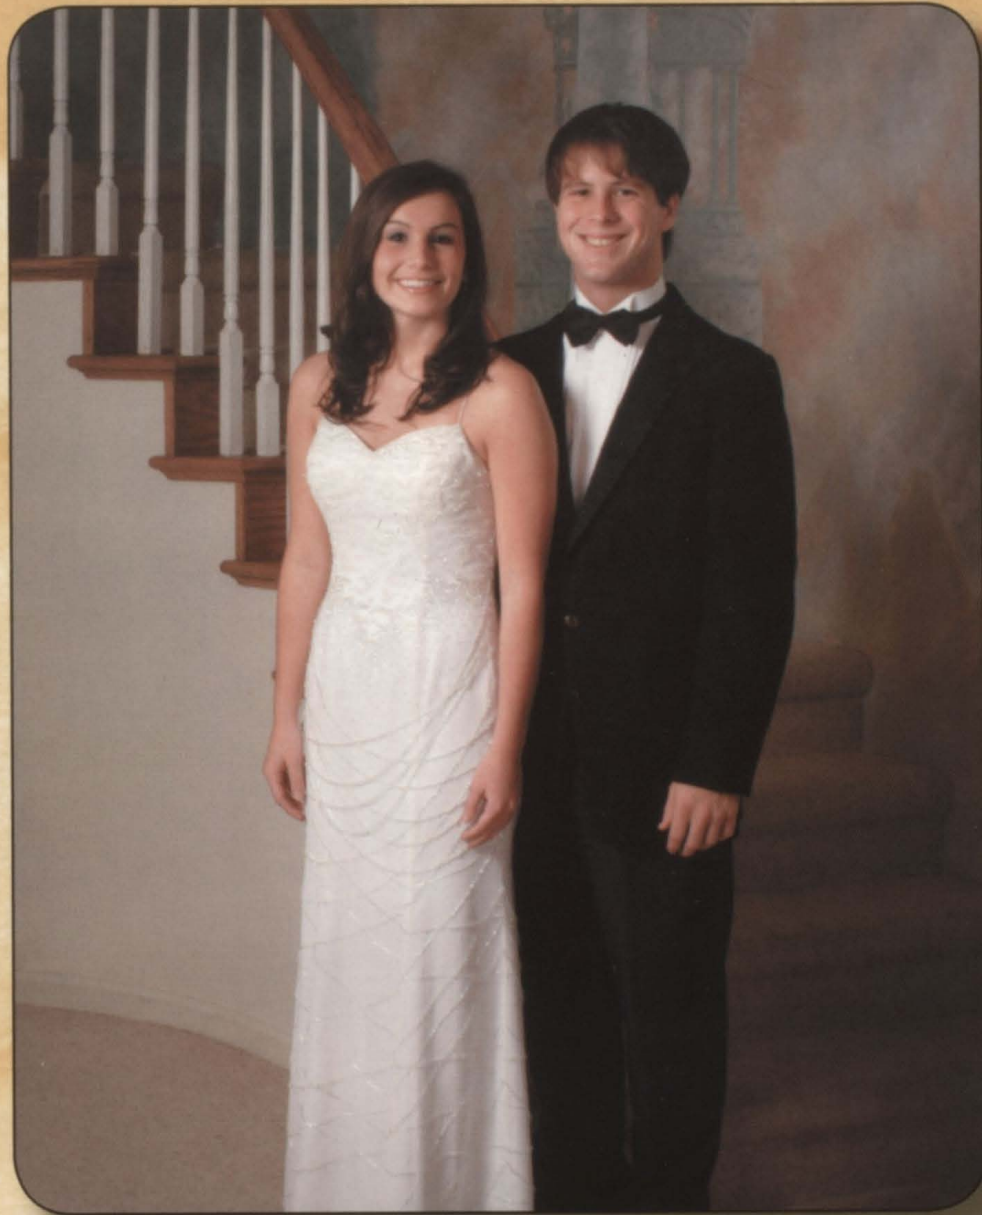

"I need to check out."
"I need to check in."
"May I use the phone?"
"Is Coach Honey in?"

And so goes a typical day in the office at Peabody High School. While the phone rings incessantly in the background, our secretary, Mrs. Debbie Grant, juggles it all with style and grace. Despite the hectic pace, she always has a smile and a kind word to share. And so we, the annual staff of 2004-2005, would like to dedicate this yearbook to you Ms. Debbie, and say "thank you" for all your years of service and kindness to the students and faculty of PHS. We hope this helps you to "Keep smiling."

The American Legion and D.A.R. Citizenship Awards were chosen by a committee of teachers. It was based on outstanding character, dependability, community involvement, principles, and citizenship of the highest quality.

Boys State

During June of 2004, Chris Vaughn, Tyler Scott, and I had the opportunity to attend the American Legion Boys State. We competed in various events on the Tennessee Tech campus to determine which city was the best. We learned a lot about government and listened to amazing speakers. Boys' state was an experience none of us will ever forget. We would like to thank the American legion for giving us that opportunity.

Kevin Hopper

Girls State

During June of 2004 Amanda Middleton, Jessica Bobbitt, and I attended Girls State. We were interviewed by members of the American Legion for the valued three spots allowed to attend Girls' State. During the week we competed in competitions to determine whose "city" was the best. We also had many motivational speakers come and speak to us including Governor Phil Bredesen. We all enjoyed our amazing experience and will never forget the things we learned about government and ourselves. We would like to thank the American Legion for this wonderful opportunity.

Embarrassing Moments

The band was performing at the Gibson Co. football game. Suddenly, I fell down and all of the other saxes fell on top of me like dominoes. Everyone was laughing and pointing. It was so embarrassing!

Tyler Miller

Freshmen year when I accidentally went in the girl's bathroom to throw a note away.

Stuart Shaw

My freshmen year I was running down the ramp going to the office. I tripped and fell flat on my face, sliding past the office door. Needless to say, I got there. I'm just glad there weren't many people around.

Franklin Wortman

When I was at Don Hayes' studio taking pictures for senior superlatives, I came out of the dressing room with the back of my dress tucked into my underwear. Everyone was laughing, and I was laughing with them although I didn't know what they were laughing at until I looked in the mirror.

Danielle Barnett

My freshmen year I came out of the restroom and there were four senior girls laughing and smiling at me. I just thought they liked me. Boy, was I wrong! My fly was unzipped!! Now I check my zipper about ten times before I leave the restroom.

Billy Scharmann

This year at our band competition during the very first song my shoe came off on the 50 yd. line and I had to march the whole show with only one shoe. The worst part is that my socks were supposed to be completely black but they had bright pink toes!

Kelsey Jones

When I was in the 9th grade, I fell asleep in Coach Sisco's room and when I woke up there was slobber all over the desk.

Wayne Smith

Memorable Moments

When Stuart Shaw chased Jerry Smith around the school dressed like Freddy Kruger.
Jennifer Pickard.

My most memorable moment was when I took the "stay off the grass" sign and stuck it in Mr. Rudy's front yard.
Joey Talley.

Mr. Lee and I were loading up the lawn sweeper and found Mr. Bobby Joe's finger in the rope.
Tim Allmon

My most memorable moment was when I made the majorette line.
Blair Baldwin

One day at softball practice, the softball field was very rough and it made it difficult to slide. Well, Coach Fairless decides we're going to do sliding drills. She gets upset with us because nobody was doing it right. So then she decides she's going to go show us how it's done. She takes off running and dives head first at the base. As she hit the ground, the dirt stoped her from sliding immediatoly. Her body turned in a couple of strange positions. I don't think we had to do sliding anymore on that day.
Monica Segerson

My junior year at the band State Competition we were standing on the field during the awards ceremony. The man on the speaker was about to announce third place and the frequencies from the press box got mixed up with a trucker on the highway and all kinds of X-rated noises came out of the speakers!
Emily Jones

My most memorable moment was the Christmas concert my sophomore year. We were playing "Sleigh Ride" and a fight broke out in the crowd. All of the teachers and students were running towards the fight but the band didn't miss a note.

Seniors

As our journey together ends, I would like to thank the senior class for a great year. The memories we have made will never be forgotten. One day we will all look back and say that these past four years were the best years of our lives. We have truly grown closer and accomplished many goals, but it will soon be time to go our separate ways. No matter how far apart we are, always remember our song "there ain't no mountain high enough to keep us apart!" Thank you again class of '05 for such an amazing year.

Juniors

It was an honor as well as a privilege to serve as your class president for the year 04-05. Many memories, both good and bad, have brought happiness and sadness to our lives. This year we came together as never before to accomplish our goals. We also came together to honor our fallen classmate Andrew Stovall. Next year comes the challenge of staying together in unity and love as we walk out of Peabody and let everybody know that the "Class of 06 is all in the mix."

Freshmen

I would like to thank my classmates, fellow officers, and a special thanks to our class sponsors. They helped us get through homecoming, where we did surprisingly well for a freshmen class. This year has been one of pleasure, hardship, and most importantly school spirit. If we continue to grow with strength and eagerness, anything is possible. Bound by our friendship and willingness to succeed, our class will be one that Peabody will long remember. We have started an amazing journey, now let's complete three more years filled with plenty of laughs, fun, and growth within us. Thanks for a wonderful year.

FUTURE BUSINESS LEADERS OF AMERICA

Our FBLA chapter has had a wonderful year thus far. We provided a Christmas for a young boy by bringing clothes, toys, games, etc. We also had a great time at our Christmas party by playing Dirty Santa and having refreshments. We have a good group of people, and we have many more events planned for the future.

Beta Club

The 2004-2005 Beta Club is a prestigious organization composed of numerous distinguished individuals throughout Peabody. To be eligible for membership, you must be a sophomore, junior, or senior and maintain an overall GPA of 90 or above with no semester average below 86. This past Valentine's Day, we held an annual dinner for the community to raise money for our National Beta Club Convention in Nashville. Although this year began slower than usual, the ball kept rolling and everything came together. It has been a pleasure serving as your Beta Club President.

FFA

The Peabody FFA Chapter has had a great year so far. In June, we attended Camp Clements Leadership Camp where we received numerous awards for different activities. We also had several members showing lambs, steers, and hogs over the summer.

We have done very well in our competitions. So far we have attended Livestock Judging placing 5th in District III. Land Judging was held at Ames Plantation where we placed third in District III and 21st overall. The Dairy Judging Team went to the Mid-South Fair where we placed second in District III and tenth overall. The Parliamentary Procedure and Ceremony Teams placed fourth in District III and eleventh overall. The Ceremony Team placed fourth in District III and twelfth overall.

We also had several members to attend National Convention held in Louisville, Kentucky. We will be attending MFE (Made For Excellence) in March and State Convention in April. We hope to receive several state degrees while attending state convention. I would like to take this opportunity to thank our advisors, Mr. Rudy and Mr. Allen. The time and effort they put forth for us is very much appreciated.

This years FCCLA chapter has definitely grown. We have had a great year. In October, we held the sub-regional fall meeting of which Emily Rogers was President here at Peabody. We also had a "pizza and movie" night for Halloween. We made Thanksgiving Dinner for two families. We also had a Christmas party. Also throughout the year, we held Bake for Break and donated the funds raised to the Carl Perkins Center. Each year the chapter plans several activities to help those in our community. This year members volunteered to stay after school at least once a month to bake desserts for our senior citizens. Members participated in Star Events. During March we attended the State Leadership Meeting, held at Opryland Hotel.

Blair Baldwin-President

Our Bible Club is great! It is open to anyone. We hold our meetings on Thursday mornings at 7:30. This way everyone has a chance to attend. We are lucky enough to have Mrs. Cindy Taylor as our sponsor. She works with us on every matter. We would like to invite everyone to attend our meetings on Thursdays. They are held in Mrs. Fairless's room. Membership is free. We would also like to wish the class of 2005 the best of luck this year.

Fellowship of Christian Athletes is an organization that allows coaches, athletes, cheerleaders, and musicians to come together to share and learn more about their relationship with God. Our mission is "To present to athletes, coaches, and all whom they influence the challenge and adventure of receiving Jesus Christ as Savior and Lord, serving him in their relationships and in the fellowship of the church." We meet on Friday mornings at 7:30 in the little theater. Coach Darlene Fairless is our sponsor. We invite everyone to come and fellowship with us. We would also like to extend to the class of 2005 this year's FCA Motto," One mission: Get It, Got It, Five it." John 14:6

The Junior Rotary Club is an organization centered around doing good deeds in the community. We are fortunate enough to have Mrs. Nunley sponsor us in this effort. We have participated in various projects this year. We have baked goods to help raise money for a cancer victim's family, raised money to purchase calling cards for men from Trenton in Iraq, purchased groceries and distributed them to the needy, and baked cookies for people in the community. The club's main goal is to give support and services to the city of Trenton.

Pep Club

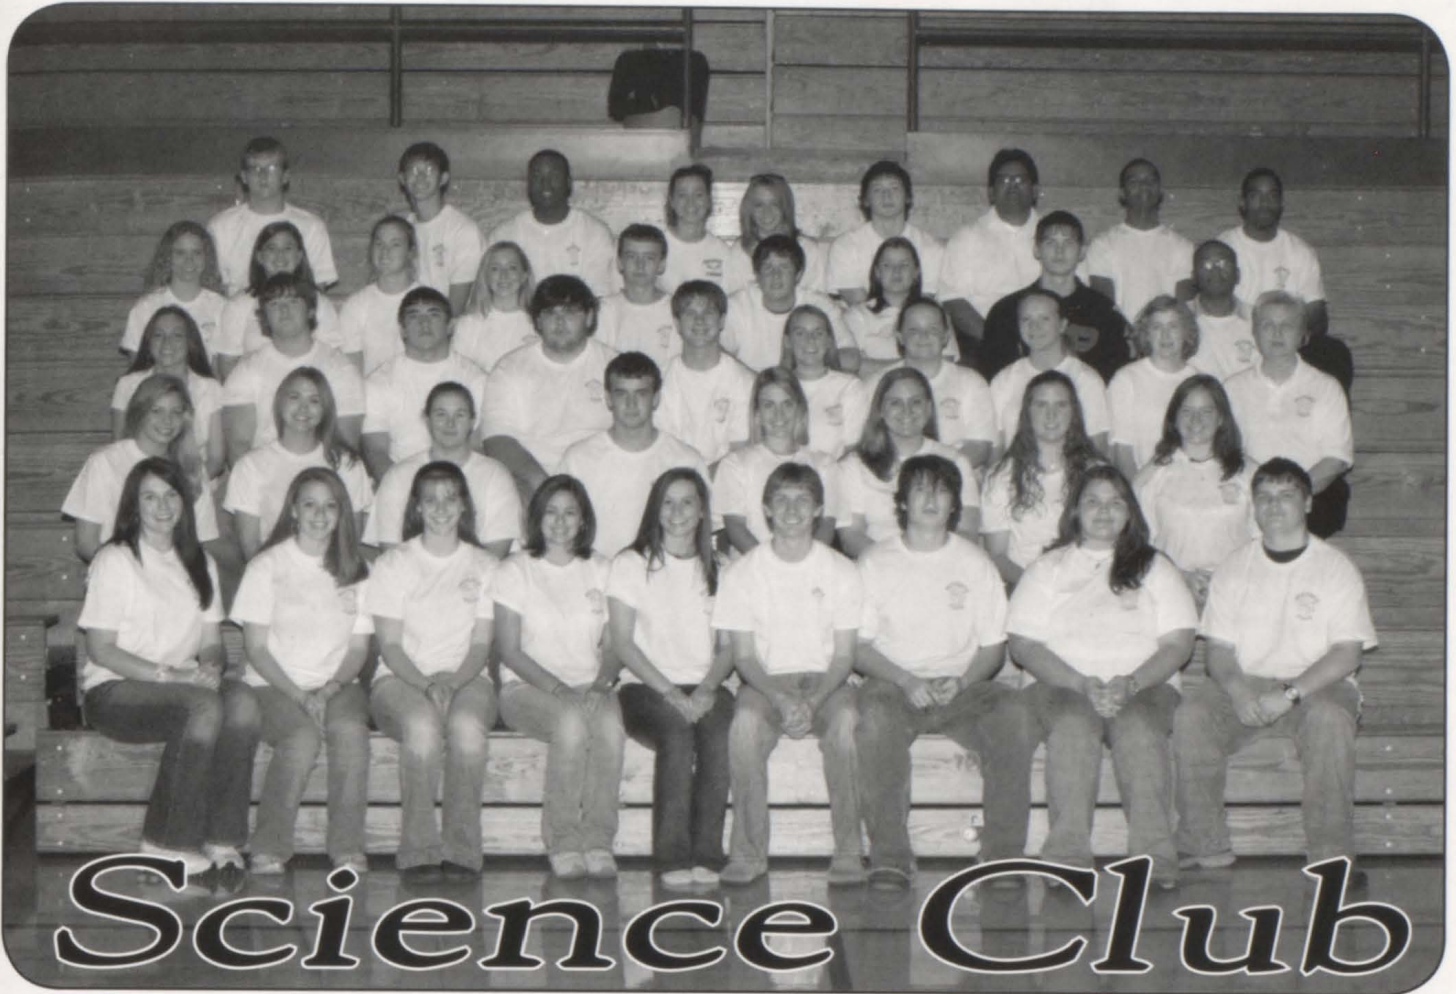

We've got spirit! S-P-I-R-I-T

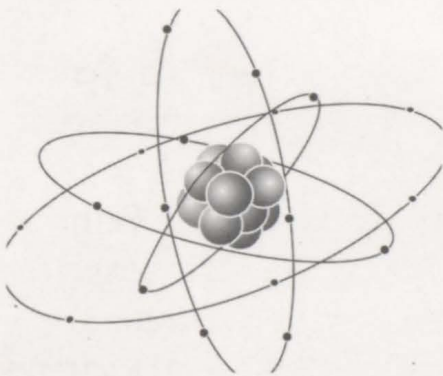

The Peabody Pep Club is a tradition that started four years ago. Since then it has continued to grow and expand to over half of the student body. The Pep club has made pep rallies and sport events much more exciting with outstanding fan participation. Since the Pep club originated Peabody has established itself as the leader over all the schools in this area. Now when opposing teams come to Peabody they know they are in Tide Country.

Roll Tide!

I am honored to be the Science club president. To be in the Science club, a student must be enrolled in biology, chemistry, or physics. They must also have a B or higher grade point average. We build the bonfire for homecoming and participate in the local science fair.

History Club

We have had the chance this year to really make a difference in the lives of our local soldiers. The History Club helped raise money to get phone cards so our troops can call home. As we continue "The Legends of Peabody" tradition that was started last year, we celebrate Mr. Fred Culp, Legend #2. The History Club takes pride in commemorating our local heroes and discovering our rich heritage. Mr. Blankinship continues to sponsor the club.

This is the second year at Peabody High School that there has been a journalism class. We do weekly write ups for the Trenton Herald Gazette called "Tidal Waves" and we also do a weekly faculty interview. We are also in charge of the district website. This is a very interesting class that will hopefully continue to be offered in future years. Our sponsor is Mrs. Joyner who not only helps us get the projects together but helps us tremendously on our writing. Thanks Mrs. Joyner.

Upward Bound

Upward Bound is a college bound program that helps to enrich and expand the social and academic personalities of high school sophomores, juniors, and seniors. We recruit students at the end of their freshman year if they are the first generation to graduate and have some sort of financial need. Our program is a federal program offered through Dyersburg State Community College. We tour colleges, go to see plays, attend performances, and much more. It is a great program to be associated with and helps you to build friendships with people from all classes.

ART CLUB

"A country could be perfectly governed, immensely powerful and without poverty; yet if it is produced nothing of its own in architecture, sculpture, music, painting, or in looks, it would some day pass into the twilight of history, leaving only the traces of a creditable political record."

The 2004 Lady Tide Softball Team had a very successful season. We finished with a record of 27-10 as District Champions, Regional Runners-Up, Substate Champions (with a well deserved victory over USJ), and fifth place in the state. Returning this year with three starting seniors (Megan Ozment, Brittney Potts, and Kellie Pence) and four starting juniors, we have high hopes for another awesome year.

Golf Teams

Coach Lee Temple, MaryLauren Agee, Megan Meece, Hayley Williams, and April Parker

The 2004-2005 Peabody Girls Golf Team had an outstanding season. With returning players senior April Parker, juniors Hayley Williams and Megan Meece, sophomore MaryLauren Agee, and freshman Kellie Joyner, it was obvious that we would be successful. The girls won the district championships. Megan Meece placed as low medalist at districts with a score of 87. The girls also won the regional championships which advanced the girls to the state championships held in Murfreesboro. The girls came in sixth place against 9 teams. On behalf of the girls golf team I would like to thank Coach Lee Temple for his hard work and dedication. Having him as our coach helped us physically and mentally which prepared us for the season. Congratulations girls golf team on a great season! Good luck next year!

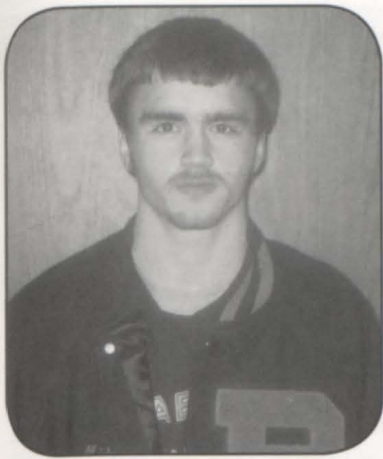

April Parker

The Peabody Boys Golf Team consisted of juniors: Mack Ashburn and Josh Joyce, sophomore: Brandon Middleton, and freshmen: Chase Sugg, Hunter Whitby, Cord Anderson, and Clay Jewell. We had a successful year with each player gaining in confidence. Look for big things out of this group next year.

de·fine yourself

(yer-self)

In the first year you were young and confused.

In the second year you were jaded. By the third year, you were wiser and could see the future. After four years, you developed your identity through your interests, personality and the general way that you liked to do things.

The obsession with individuality struck harder than ever as the true millennium arrived and the internet-computer generation began to struggle for recognition. You worked, studied, had fun, did anything that would give you identity that would inevitably carry you through the rest of your educational career, maybe farther.

But it all began here in a school full of individuals defining themselves.

Friends

We have been through too much to mention every little thing. we have laughed ; we have cried we have drifted apart but we always seem to find our way back to each other becoming even closer. These four years have slipped right through our fingers so fast, but with our hands we've molded a friendship that will never end. All the memories we have made will always be a part of us. I am so thankful for each and everyone of you. NO matter how far apart we are we will always stay Friends.

Heather,

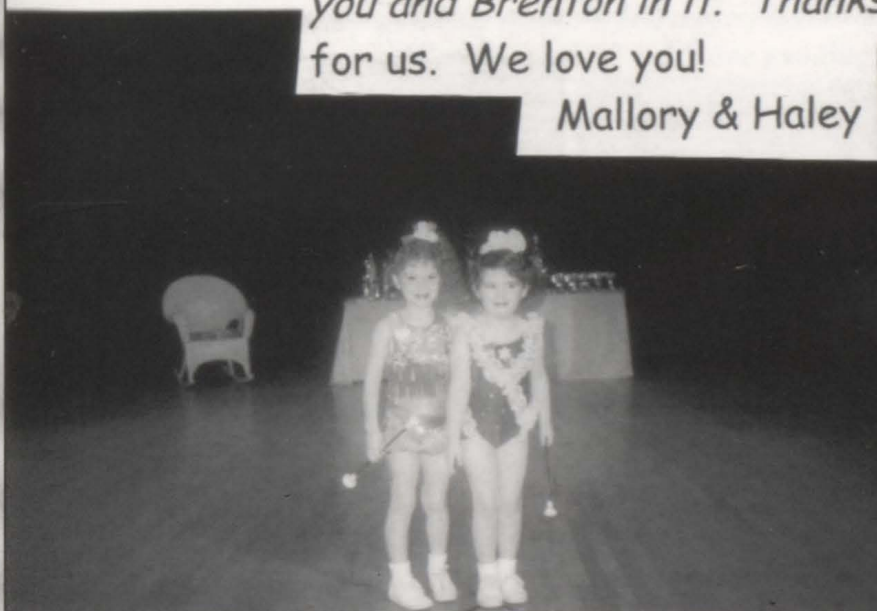

Time has went by so fast, it doesn't seem that long ago that Dr. Larry placed you in my arms and kidded me about you having red hair! Time goes by fast live each day to its fullest and believe in your dreams. With faith, hope, and love they will come true. Life is full of bumps in the road, learn from your mistakes and never give up on what you believe in. You have a wonderful little boy now and I know you'll be a great mom. Stay true to yourself. I love you.

Mom

We couldn't imagine our life without you and Brenton in it. Thanks for being there for us. We love you!

It's hard to let go, We know you'll be very successful wherever life may take you, but don't ever forget your Mom, Dad, and brother will always be here for you and we love you more than you can ever imagine. One day you'll look back at your high school years and remember when.

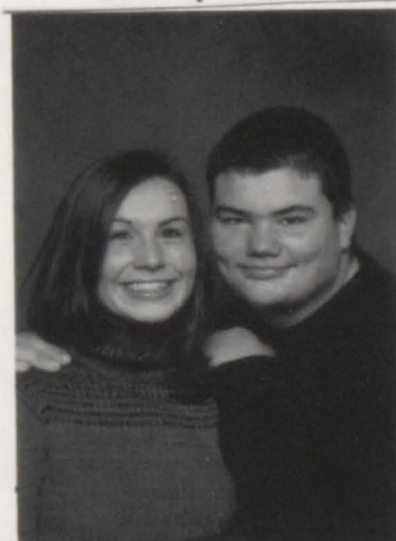

Love Always Mom and Dad

~ FRIENDS ~

As we walk our path of life,
We meet people everyday.
Most are simply met by chance.
But, some are sent our way.

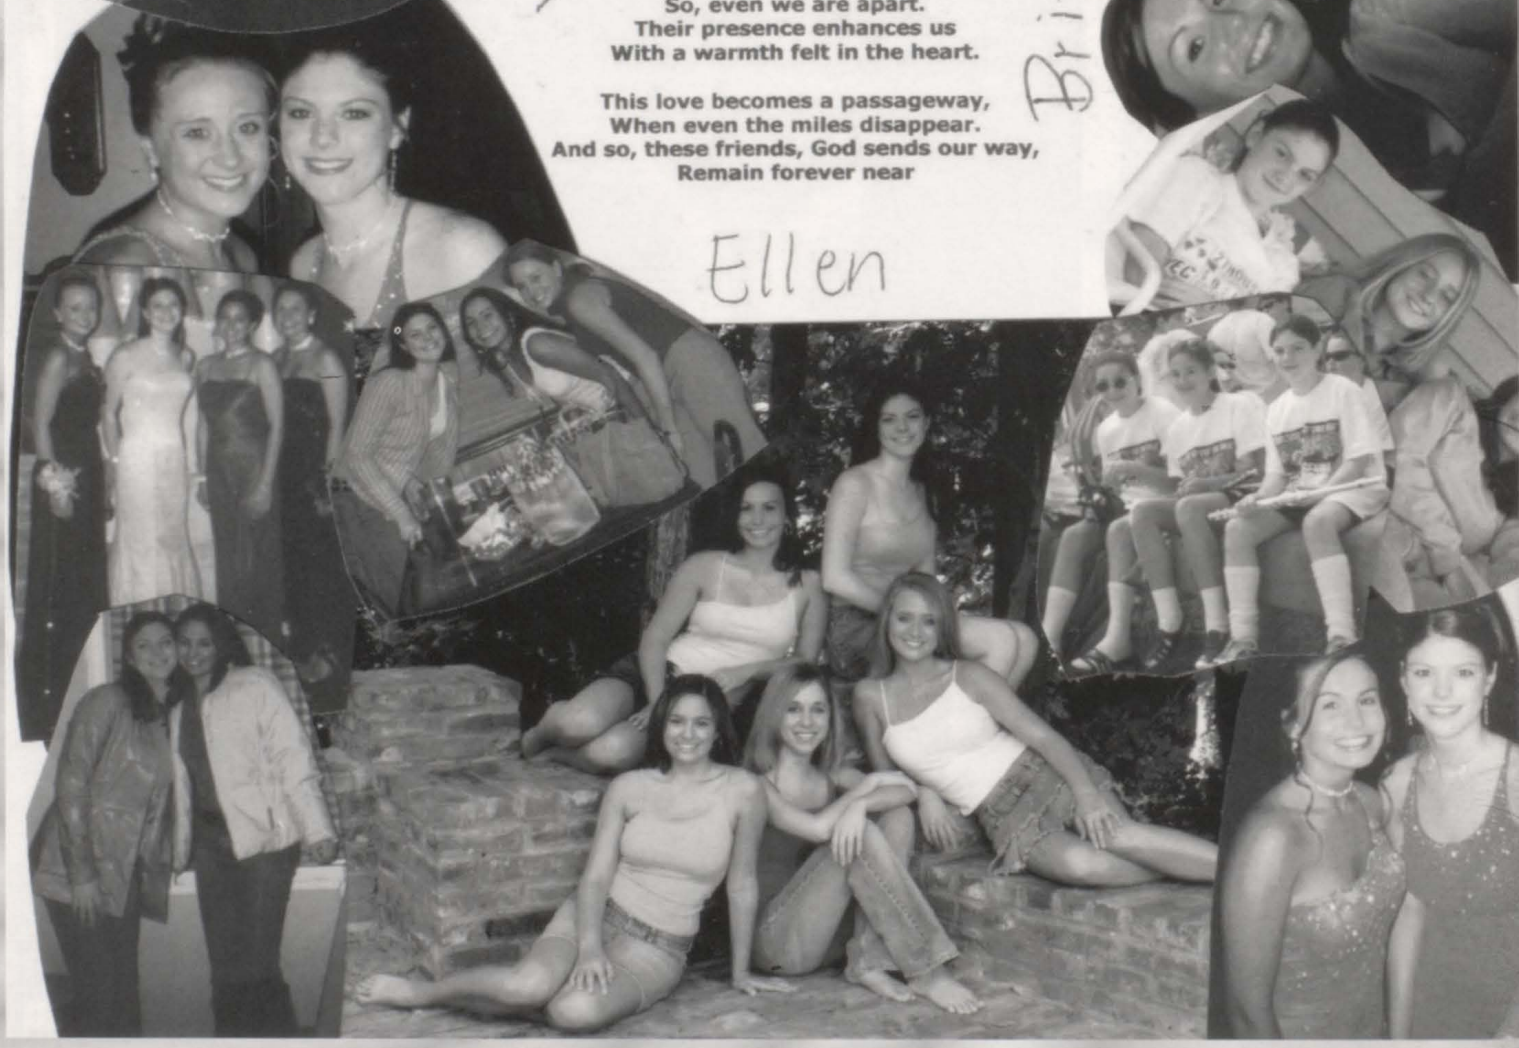

These become special friends
Whose bond we can't explain;
The ones who understand us
And share our joy and pain.

Their love contains no boundaries.
So, even we are apart.
Their presence enhances us
With a warmth felt in the heart.

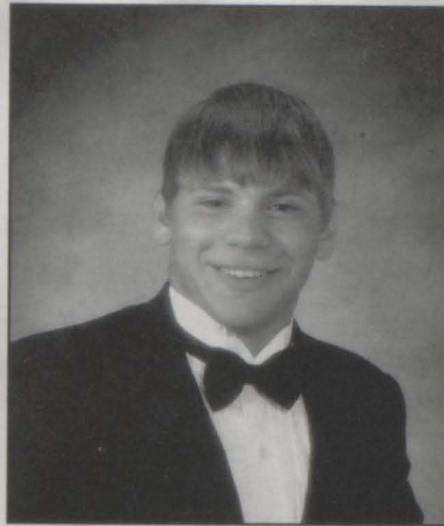

This love becomes a passageway,
When even the miles disappear.
And so, these friends, God sends our way,
Remain forever near

FRANKLIN WORTMAN

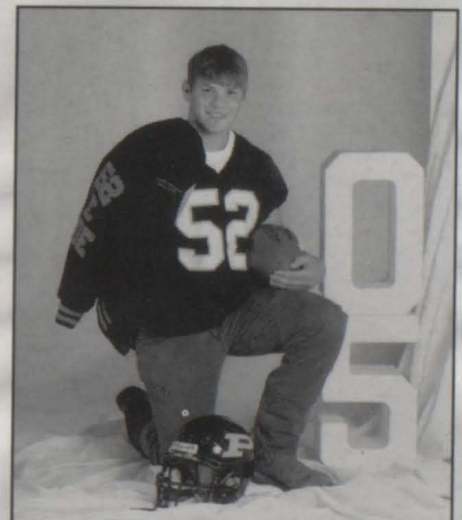

Son,

I always said, as you'd go out to play, "Please don't slam the door." But of course you would slam it anyway. You couldn't help yourself you were a little boy, you see: made to slam doors, bounce balls, climb trees. And then one day you grew and I was so surprised, you were a man, hair combed, shoes tied. The door you close now gently, with such ease; I ask myself, "What happened to the boy God gave to me?" I didn't understand it then but now I can-- all of this must happen for God to make a man. And even though you're a grown man now you'll always be my little boy and Son, I am so proud.

Love,

Where has the time gone? Just yesterday you were a baby girl with a beautiful smile, big blue eyes, and a sweet, sweet spirit. Now all these years later, the only thing that's changed is our baby girl has grown into a lovely young woman. We're thankful and blessed to be your parents, Kristin, and we're so proud of you. We love you honey, Mom and Dad

Kristin, You are my one and only sister, thank the Lord, but I love you dearly. We have been through good times and bad. I will miss you when you are away at college, believe it or not, because the person sitting across the room that I have always told all of my sister secrets to and have shared my problems with will be gone. You will not be there to cry to or share a laugh with. I will only be a phone call away, so don't forget about me because not everyone can have a sister like you!

Love your sister, Jenni Lynn

You're a cool big sister. Love, David

We love you! Love, Granny and Papaw

First born grandchild,
 What a treat!
 Lots of hugs,
 Just so sweet.
 Full of talent,
 Soft of heart,
 It's pretty clear
 She's very smart.
 Makes us proud,
 But best of all,
 She's God's child
 And loves y'all. Love, Grandma and Grandpa

It is hard to believe our little "Mickey Mouse" fan is all grown up. We are so proud of you and what you have accomplished. You have given us so many wonderful memories that we will always cherish. You'll never know how great it made us feel to watch your performance on that football field. You always gave 110% and you were always a winner in our eyes. We will truly miss seeing our #35 on Freed Field. You not only excelled at sports but your academic work has always been great too. You didn't enjoy it as much but you worked hard at it too. Life is just beginning for you and our dream for you is to be happy and succeed at whatever you choose for your future.

Remember to take one step at a time, think before you leap, remember where you came from, always put "God" first and you will always get where you are headed in life. Thanks for being such a wonderful son and grandson. We are proud of the young man you have become!

Loving you always,

Friends listen when you have a problem and they really care.
They are always there to listen when you have a secret to share.

When you have a fight with your boyfriend or even decide to break up
in the end, they always know what to say, to make the pain and hurt
go away.

They stick by you through good times and bad. And sometimes they
can make you really mad, but no matter how bad the fight true friend-
ship always works out all right.

I don't know what I would do if I didn't have you all to share a laugh
with or pick me up when I fall.

Friends are the most important things in life. They are more important
to have than a husband or a wife, for they can always leave you, un-
like a friend. A true friend will be there to the very end.

End of an Era
By: Brittany Hilderbrand

We always knew this day would come
Why are we so shocked?
How come the surprise hurts so severe?

Because
We didn't know we cared so much
We never truly believed it'd be over
We said everything will be happy 'tomorrow'

Now the time is here
We must face that life is change
That the end is NOW not TOMORROW

Our tears will fall
Our hearts are heavy
Our dreams are enormous

Now we must close this chapter
We must open the next
Remembering this time with fondness
The good, the bad, and the unexplainable

We won't forget
We will move on
We will lose touch
But never will we ever truly lose these YEARS

Kathy,

We are so vey proud of you and have been since the day you were born. Love has been described as two bodies sharing one heart and soul. In our case it is three. Please know that you will always have a part of our heart and soul with you wherever you go. God Bless You!

We love you,
Mamma, Daddy,
Troy Jr., and Tabytha

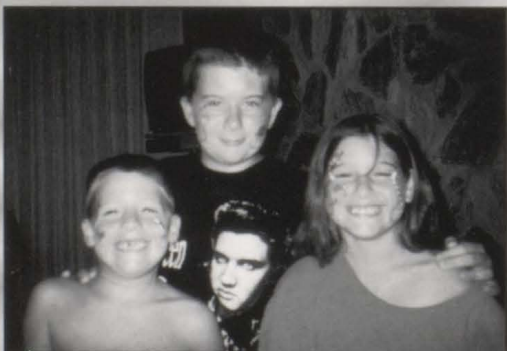

April Parker

To Our Princess April,

April, you are a genuine, medically proven, walking miracle. The doctors thought you should be aborted but we asked the Lord to heal you and he did. Your mother and I knew that the Father had plans to do something special through you and he is already using you. One day I was holding you in my arms and the next you seemed to crawl away and now you are racing through our lives. It was just yesterday that I walked you down the hall of the elementary school holding your hand in Muldrow, Oklahoma. Today you kissed me goodbye and joined your classmates at Peabody for just a few more moments of high school. Tomorrow you will graduate and walk away from your childhood for good. We've watched you accomplish some awesome things in such a short time. You could sing before you ever talked (honestly). Your songs have lifted our souls to the heavens. Making the honor roll, all the many clubs you've participated in, 4 years of Peabody Band of Gold and 4 years of Peabody Golf are great milestones in your life. Thank you for really trying hard to be a good "preacher's kid." You have overcome the remarks made to you because your daddy is a pastor. Thank you for understanding when I missed your school activities, dramas, games, etc. due to an emergency at the hospital, a preaching engagement and a host of other reasons. April, you are a very special young lady and we are honored to be able to call you our daughter. You will always be my little girl.

With our unconditional love,

Daddy, Mom, Zeb and Joseph

It's a Girl!

Once upon a time, there was a sweet little bad girl whose name was Celeste'. The clothes she wore were from boutiques of the best.

Her mom put tons of French braids across her tiny head; and they stayed perfectly in place, even when Celeste' went to bed.

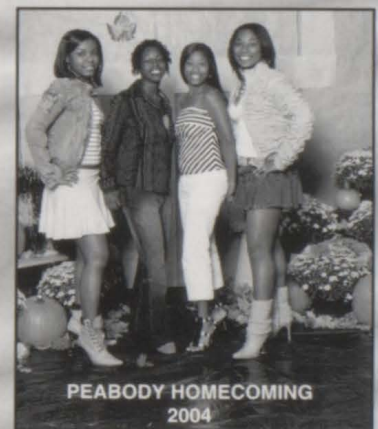

Her little legs are a wee bit crooked, and her toes are pointed in... But, what the heck?... The same goes for some of her kin.

Celeste' is a cool, kind vivacious girl and she eats peanut butter whenever it is near.

She likes to dance to music of all sorts, and eats her share of popsicle and tarts.

When she gets home in the evenings from her babysitter, I wouldn't guarantee that her character won't be somewhat bitter.

All in all she's a perfect little kid, if she was auctioned off, I wonder? How high would be the last bid!

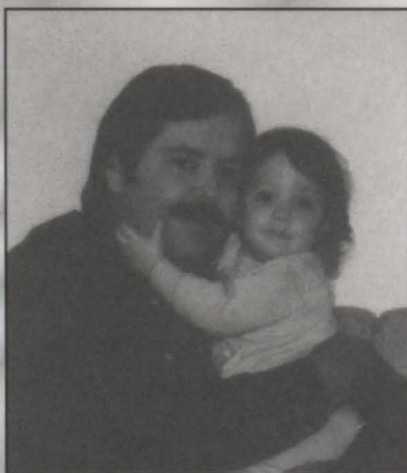

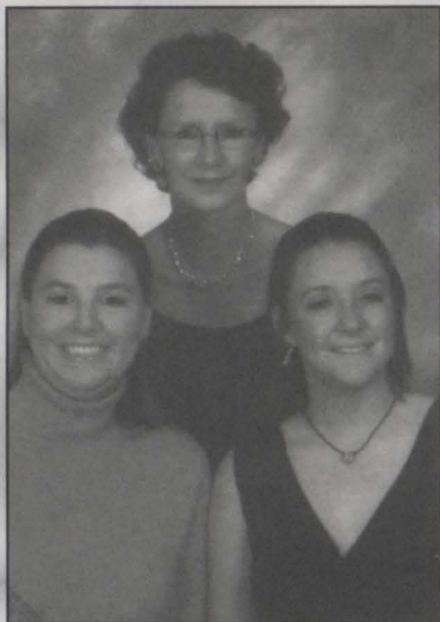

Sarah Ann Grear

In the past, I have called you
my problem child.
What I meant by that is you
keep me on my toes,
make me think fast on my feet.
You keep me busy just
Trying to keep up with you.
I would not trade
you for all the "easy" kids
in the world
I love you as you are,
sass and all.
Never change. Your fun sense
of humor will take you
far in life, help you
through difficult times.
Always remember your Daddy
loved you a lot and never doubt
he is watching over you now.
I am always here for you
and Debra is too.

Love,
Momma

JADE

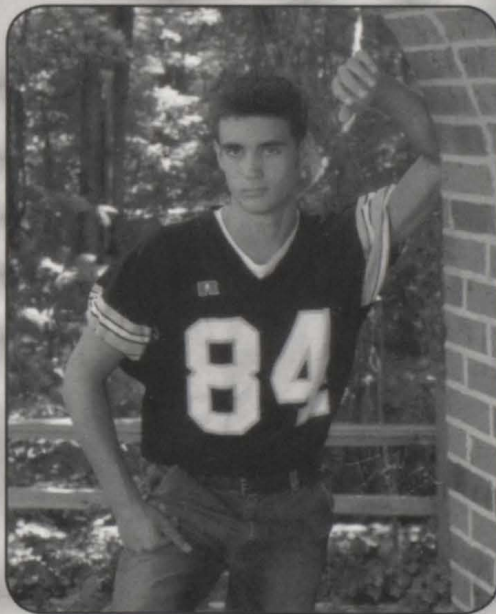

From doing donuts in the parking lot with soccer to falling out of the truck on prom night, from jumping on cars from dogs to watching movies on girls night out, from knocking on doors late at night to fighting through each other's moods, we've had our fun. We've stuck together through thick and thin. We've been like true friends. We've had our arguments like all friends, but some make-ups have been harder than others. Through the Grace of God we've made it this far and further we'll go, but our high school memories will stay in our hearts. We will surely leave our marks at Peabody High.

We are proud of you!

Rebecca,

God blessed us a second time on August 9, 1987, as you came eagerly into the world. From the little curly headed "me too" who followed in her sister's footsteps to the beautiful young woman you are today, you have made your own mark on the world.

Watching you grow and mature and find a sense of who you are and what you believe in has been so magical. Sharing your talents and love of life with others makes us proud.

If you could see all the flowers in the world
if you could hear all the laughter in the universe,
if you could make all the dreams that ever were
wished come true,

then you would know a little part of the joy of
having and loving a daughter like you.

Emily Matthews

May you always follow your
heart and stand up for what
you know is right. You are a
precious gift from God for
which we are so grateful.

We love you the whole wide
world

I know your Senior year was not what you would have hoped it would have been, But, you did not let it keep you down or quit school. So, stand tall and don't look back, except for all the good things. Because we know that you can do what ever you put your mind to !

Amanda, it was surely my most humbling, but joyous, blessing when the Lord gave you to me, to share my life with and truly learn what natural, unconditional love is all about.

We have together, with Brandon, traveled down many roads through wonderful adventures, and life's unexpected twists and turns.

You have always surprised me with the many challenges you have taken on for yourself and overwhelmingly conquered them with the highest of expectation and praise.

I know in your future whatever you seek you will find, and whatever you find you will succeed. And you will give God all the glory and praise.

I feel truly blessed and proud you are my daughter.

Love you always,
Mama

Congratulations and best wishes to you and your future. Good luck in everything you do. I know you will succeed.

Love,
Brandon #4
