When thinking of the phrase "instant impact" Coach DiChiara should come to mind. When he came to Peabody High School, Coach D brought the entire STEM program with him. Over 3 short years, what started as nothing has now grown into a respectable program that other schools look to for inspiration. Being voted this year's Biggest Workaholic proves that he always puts immense effort into everything he's involved in. Coach D is one of Peabody's most friendly faces. If you're walking down the hallway, he's always the first to say hello or ask how your day is going. It's safe to say that Coach DiChiara has transformed Peabody into a better place.

"Coach D easily became my favorite teacher the year he arrived at PHS. Without being involved with STEM, I wouldn't know what I would be majoring in. There are many things that I, as well as many others, couldn't have done without him." -Bryn Hensley

"Even though he used to drive a Prius, he's still a big man with a big heart." -Isaiah Hicks

"Coach D actually supports you, and he's an amazing teacher."  
-Sunisa Phetsouphanh

"Coach D is a hands-on teacher that helps you to find a deeper knowledge of education and everyday situations. He's very inspiring and intuitive, and I can't wait to see how his classes will inspire my tomorrow." -Madelyn Messerschmidt

### Principal's Letter

Rickey Hooker

Principal

I have worked in education for many years, and I have a deep appreciation for the work of our district leaders, teachers, students and our community. I want to thank our teachers for holding true to their calling. I know that most teachers did not enter the profession for the money. Rather they became a teacher to make a difference in the lives of children. For the hard work you do each day, you deserve to be respected, valued and supported.

Teaching is an honorable profession. It is my goal and the district's goal, to see that our teachers are treated with the dignity we award to other professionals in society. In the classroom you exercise a high degree of autonomy. You decide the pace of the curriculum and meet the diverse needs of all our students. You build relationships with students from various backgrounds. I appreciate the challenge and the work you do. I applaud those of you who have dedicated your lives to teaching.

We have done some amazing things this school year, collectively and as individuals: We have raised ACT scores, won a state football championship, Mr. Football Finalist, won Coach of the Year, football All -Star team participants, won awards in Beta club, STEM club, FFA and FCCLA. Our Band of Gold had many individual award winners and won 4th place in state competition. During the present time our basketball teams are doing well. This is the proper time to thank all of our club sponsors and athletic coaches and trainers. Teachers have also been recipients of various awards.

I would like to take the opportunity to thank all the supporters of this community and others for all they have done to make this a productive school year. We are so fortunate and blessed to live in such a caring and compassionate community. There is a deep commitment to the work of making this community the best it can be. Thank you for your overwhelming support in everything we do.

I conclude by saying, this is a great community to work with and work for. I am thankful.

Sincerely,

Principal Rickey Hooker

# BOYS AND GIRLS STATE

"During this past summer, Stokeley Ellison, Maddie Vernon and I were given the amazing opportunity of spending a week at Lipscomb University. While there, we learned how the government system works at local, state, and national levels by creating a mock government. During that week, we also competed against the other cities in many events. I believe I speak for all of us when I say we made incredible friends and memories that will stay with us for a lifetime! We would like to thank the American Legion for giving us the chance to experience this incredible opportunity!"

-Makayla Walters

(also pictured: Maddie Vernon and Stokeley Ellison)

"This past summer, Zach Tilley and I were invited to attend American Legion's Boy's State in Cookeville, TN. We arrived at Tennessee Tech, and when we first got there they split us up into cities. That is when we realized this is where it begins. We both learned a lot about the many young men from all over Tennessee. Most importantly, the camp pushed us out of our comfort zones. It was an experience like no other; it opened our eyes to governmental issues and procedures, opportunities, and amazing people that you would never find inside our small town! I urge all those who can to take advantage of this opportunity to do so!"

# 2018 Class 2A

"This was the most enjoyable year I've ever had coaching. This group of guys practiced, prepared, and played as hard as they could every week. I'm so proud to be their coach. Receiving Coach of the Year was a testament to their abilities and willingness to give maximum effort every day. Playing in Cookeville was so surreal and the perfect culmination to the journey we all enjoyed so much."

Always keep that. Never lose sight of your dreams and continue to work towards them. I love you so much too much!" - Hayley

To my loving daughter,

I'm very proud of you, and hope you keep up the good work. You will go far. I hope you go far in life. Keep going with your dreams.

A young man with short brown hair is smiling and leaning against a weathered brick wall. He is wearing a black leather jacket over a white button-down shirt, blue jeans, and brown loafers. He has his hands in his pockets and is wearing a gold watch on his left wrist. The wall behind him is made of light-colored bricks with some peeling plaster. To the left, there is a narrow alleyway with a wooden door and some greenery with small white and pink flowers.
