Sally Q Walker INDIVIDUAL STUDENT SCORE REPORT
USID: 221111260

Algebra I EOC Fall 2019 EOC at DEMO SCHOOL (222220002)

Sally took the Algebra I EOC in Fall 2019. This assessment provides results that you can use, in partnership with your child's educators, to make important decisions to better help your child to progress toward goals for their education.

What is Sally's Overall Mastery for Algebra I?

4 Mastered

1	2	3	4
Below	Approaching	On-Track	Mastered
Performance at this level demonstrates that the student has a minimal understanding and nominal ability to apply knowledge and skills of the given subject as defined by the Tennessee Academic Standards.	Performance at this level demonstrates that the student is approaching understanding and has a partial ability to apply the knowledge and skills of the given subject as defined by the Tennessee Academic Standards.	Performance at this level demonstrates that the student has a comprehensive understanding and has a thorough ability to apply the knowledge and skills defined by the Tennessee Academic Standards.	Performance at this level demonstrates that the student has an extensive understanding and has an expert ability to apply the knowledge and skills defined by the Tennessee Academic Standards.

---- The dashed lines on the dial represent the range of probable scores. If you were to take this test again, your score might be slightly different.

The Test Results page provides the student's Overall Mastery of the assessment and performance level descriptions. Scroll through the report for more information about your student's performance.

Test Results: Category Subscores

How well did Sally perform on specific knowledge and skills in English II?

How did Sally do in the different categories of questions on English II? The table below shows your student's success compared to the average performance of students who are on track (on grade level).

Category Subscore	Sally Compared to On-Track Students	Points Earned/ Points Possible
Reading: Literature +		8 of 15 53%
Reading: Informational Text +		7 of 14 50%
Reading: Vocabulary +		3 of 7 43%
Written Expression +		11 of 12 92%
Conventions +		10 of 10 100%

- earned fewer points than the average student who met the minimum on-track score
- earned points comparable to the average student who met the minimum on-track score
- earned more points than the average student who met the minimum on-track score

Information in this table indicates how a student performed in each Subscore Category compared to students who are on track. Subscores are used to identify demonstrated strengths and opportunities for improvement.

In the next section of the report, you will see how your student performed on specific knowledge and skills for the selected subject, as well as the points earned and points possible for each category subscore.

The middle column of this table shows how your student performed compared to students who scored within the On-Track performance level according to state standards.

Test Results: Data Comparison

The next section of the report shows a Performance Level Comparison graph for your student.

How does Sally's score compare to the scores of the school, the district, and the state?

This graph compares your student's score to the school, district, and state average for the same assessment.

Test Results: Moving Forward

The next section of the report shows you where your student excelled on the selected assessment, as well as what areas your student should focus on for improvement.

This section of the report also provides steps that can be taken in order for your student to be best prepared for the year ahead.

What do Sally's results tell us?

Where did Sally do well on this test?

- Comparing and contrasting functions
- Using data to solve real-world problems
- Graphing equations
- Solving multiple types of equations

What areas should Sally focus on for improvement, based on this test?

Sally has demonstrated understanding in all Subscore categories.

What can Sally do to keep improving?

Sally should consider doing the following to be best prepared for the year ahead:

- Continue solving complex problems using multiple methods
- Continue explaining work using math vocabulary
