

Peabody High School
Parent Involvement Plan 2025-2026

The Peabody High School Parent Involvement Plan was jointly developed by Peabody High School teachers and parents to establish expectations for parent involvement.

Introduction

The Peabody High School Parent Involvement Plan was written within the framework of the Trenton Special School District Parent Involvement Plan. The ultimate goal of the plan is the academic growth of all students through a joint effort of the families, educators, and community members of Trenton, TN. We value the involvement, influence, support, and input of the families of our students because we understand the impact that families have on student success.

Research indicates that a positive partnership between school and family will contribute to student achievement and success in school. These benefits include:

- Improved ability of parents to assist their children with school and learning
- Increased student achievement
- Increased student attendance
- Improved student attitudes and positive behavior
- Increased graduation rate
- Greater success in post-secondary education

In support of strengthening student academic achievement, Peabody High School receives Title I, Part A funds and therefore must jointly develop, agree on, and distribute with and to parents and family members of participating children a written parent and family engagement plan that contains information required by Section 1116(a)(2) of the Every Student Succeeds Act (ESSA). The plan establishes the school's expectations and objectives for meaningful parent and family engagement and describes how the school will implement a number of specific parent and family engagement activities. The plan is in compliance with local board policy, state law, and federal mandates of the Every Student Succeeds Act (ESSA) and is posted on the Peabody High School website.

The Parent Involvement Plan will be updated after an annual evaluation in order to meet the changing needs of parents and the school.
